Dear Professor Petit,

Re: "Plugstars: a Physical Alternative to Supermassive Black Holes"

Manuscript reference: CQG-112666

Thank you for your submission to Classical and Quantum Gravity. We have read your manuscript and **decided that it does not meet our publication criteria. As a result, we are unable to consider it for review.**

Any research published in Classical and Quantum Gravity must be presented to the highest standard. Successful submissions must clearly meet the accepted standards for scientific reporting and provide a comprehensive overview of related research through the reference list.

We do not feel that your submission does this sufficiently.

Thank you for your interest in Classical and Quantum Gravity.

Yours sincerely,

Georgia Stevens

Can you help us improve our service?

We are always looking for ways to improve our service. We would appreciate it if you could take five minutes to complete a short [survey](#) about your experience with Classical and Quantum Gravity.

The details you submit in this survey will only be used for the purposes of improving our services. We never sell or rent your personal data to third parties. For more information, please see our [privacy policy](#). The aggregated, anonymised results of our surveys may be

shared with our publishing partners.
